

## Questionnaire

# [SEHION RETREAT CENTER]

**Date:**[ 7-2-2020]

**Guide:** [Ms.Navya mol K T]

### 1. Project Overview?

The sehion retreat center is an online website for users. The main feature or idea of the project is to automate the sehion retreat center. The management system is an innovative though to simplify the activities in sehion retreat center. This project intendes to introduce more user friendly in various activities.

My project includes functionalities like retreat booking, room booking, purchase items, prayer booking(intercession), and can also add the testimony by user. Administrator is the super user and the main controller of the sehion retreat center.

- Admin
- Customer
- Guest user
- Speakers
- counsellors

The system can also be extends by including functionalities like counseling booking, candle light

Prayer booking, purchase items, and the users can apply for donation and also donate to needy person. Through these all functionalities the users can easily interact with the system.

### 2. To what extend the system is proposed for?

The proposed system should be capable of overcoming the limitations of the existing system and is more efficient. The system is designed based on the necessary requirements of modulating various data that are related to sehion retreat center management at the very click of a button. It deals with recording

data while increasing ease of use and compatibility with it's users as well, while providing an easily usable interface and working mechanism. It should satisfy the need of the end user.

- Data is centralized which has overcome the sharing problem in previous system.
- All the data is stored electronically.
- Updating of data will be easier.
- Maintenance becomes an easy task.
- Better performance.
- Time saving.
- Mainly the system has automated the transportation process.
